SRC provides replacement doors that are custom manufactured to **fit any brand** of walk-in on the market. All our doors are custom made with a variety of finishes and all the components needed to replace the existing door including wiring, heated sweeps, latches, trims and closures.

Made-to-order doors and frames are available to ship in 7–10 business days from approval.

STEPS TO A NEW DOOR

1 Identify Walk-In Type
Is it a cooler or a freezer?

2 Specify the Hinge Side
Left-hand or right-hand hinge?

3 Measure Wall Thickness
Note the panel thickness.

4 Measure Clear Opening
Note the width and height of the clear opening.

5 Specify Options
Choose any additional options:

- Viewport
- Kickplates
- Jamb guards
- Metal finish
